

In relational science, we know that couples are more successful in their marriage when they first attend a marriage preparation course or premarital counseling. Research even shows that when couples have the opportunity to address their concerns early on, they are more likely to have a happy and lasting relationship.

Whether you're committing to a long-term relationship, preparing for marriage, or newly married, the Imago *Start Right - Stay Connected* couples workshop provides an opportunity to gain knowledge and tools that will help you navigate the challenges of a committed partnership.

In addition to covering the basics of healthy relationships, effective communication skills, and conflict resolution, you and your partner will learn how to safely and privately address your premarital questions and explore such topics as:

- Nurturing and growing your relationship
- Enhancing sexual intimacy
- Finances and different approaches to money management
- Having children & Parenting styles
- Navigating the complexities of a blended family
- Fidelity in a relationship (whether monogamous or non-monogamous)
- Relationship hot buttons and power struggles
- Relationships with others: parents, in-laws, and friends

If you and your partner are just starting out and looking for practical tools and guidance on how to develop a solid foundation for a lifetime of happiness and love, then *Start Right - Stay Connected* is for you! This workshop will introduce you to the tools you want and need, right now.

The cost is \$400 per couple.
